**EZ-PAC™**  
TRUCK TRAY

## EZ -Pac Truck Tray

"Pan-Oston has taken my concept through engineering, prototyping, and partnered with me to manufacture the final product. They have been great to work with and the whole process has been outstanding. I highly recommend them."

*Lance Sosnowich  
CEO and Founder*

▶ We have successfully launched the EZ-PAC Truck Tray to the Ontario market through a new proprietary D2C e-commerce platform, as well as a new retail partnership with Costco Canada, distributed through Costco.ca

## PAN-OSTON HAS TAKEN CONTRACT MANUFACTURING TO A TOTALLY NEW LEVEL ... LET US PROVE IT!

"It's taking a great idea and effectively executing it with solutions that achieve measurable results."

## FROM CONCEPT TO COMPLETION

Our production system has evolved over many years; it's simple yet effective and makes sense. If you have a new product idea and want to take it to market, we invite you to check us out.

*Greg Butler*  
President

- We recommend a plant tour, discovery meeting or can link you with other customers.
- With a plant tour you will see a smooth, well run Just-In-Time manufacturer.
- Our management of 3rd party products and system installed in our controlled manufacturing plant is a proven advantage
- We know how important it is to ask the right questions up front to avoid issues later.
- We go to extra lengths to execute on time and where ever possible to drive down costs.

Pan-Oston has a proven system that has evolved over many years. We have found that doing as much as possible in a controlled manufacturing facility before delivery Saves Time and money. Let us prove it!
